J. Gavin Cotter, MD, MPH

Medical Director

Request for Tick-Borne Illness Evaluation

Obtaining all Tick-Borne illness evaluation and treatment records including all testing results and medication dates and dosage is the responsibility of the referring provider.

Date of Request: _____

Patient Name: _____ DOB: _____

Active Patient Phone Number(s): _____

Referring Provider: _____

Direct Office Contact: _____

Direct Office Phone: _____ Office Fax: _____

Please remember to include all historical data related to Tick-borne illness from initial diagnosis to all subsequent evaluation/treatment from all providers/facilities including all medications prescribed with dates and dosage information.

Not including all information will cause significant delays in referral review.

Please fax form with supporting documentation to the Infectious Diseases Clinic at 802-786-1326.

Please contact the clinic front office at 802-747-3700 option #4 with any referral questions.
